

# Wyoming Prevention Needs Assessment

1. Thank you for agreeing to participate in this survey. The purpose of the survey is to learn how students in our schools feel about their community, family, peers, and school. The survey also asks about health behaviors.
2. The survey is completely voluntary and anonymous. DO NOT put your name on the questionnaire.
3. This is not a test, so there are no right or wrong answers. Please work quickly so you can finish.
4. Most questions ask for only one answer. You may mark more than one answer on questions that say, "Mark all that apply." If you do not find an answer that fits exactly, use the one that comes closest. If any question does not apply to you, or if you are not sure what it means, just leave it blank. You can skip any questions that you do not wish to answer.
5. Please mark your answer for each question by completely filling in the answer space with a #2 pencil.
